

# Archer Guard

Portable MASH-TL3 crash tested barrier that provides mobile positive protection for work zones

100% AMERICAN MADE

## Archer Guard sets a new standard

This easy-to-use barrier system is ideal for bridges, tapers, shoulders, and unmanned zones. It can be deployed by one person in five minutes, without power or heavy equipment.

- ✓ Reusable after impact
- ✓ Crash tested to MASH TL-3 standards
- ✓ Adaptable to multiple work zone layouts
- ✓ 25-year lifetime warranty
- ✓ Reduce equipment and vehicle usage compared to TMAs
- ✓ Uses advanced kinetic energy absorption technology

## Site conditions

- ✓ Concrete roads
- ✓ Asphalt roads
- ✓ Gravel roads
- ✓ Compacted earth roads

Scan to see it in action
